DETAILED ACTION

1. Applicant's Remarks, received on July 10th, 2009, have been fully considered by the Examiner. Claims 1-29 are currently pending with claim 27 amended. Applicant's amendment to claim 27 has overcome the rejection of the claim under 35 U.S.C. 112, 2nd paragraph. The following is a complete response to the July 10th, 2009 communication.

Allowable Subject Matter

2. Claims 1-29 are allowed.
3. The following is an examiner's statement of reasons for allowance:

In view of Applicant's Remarks filed July 10th, 2009 and upon further consideration of the prior art of record (Nardeo et al - US 6,530,897 B2; Mercereau et al - US 6,676,668 B2 and Thompson et al - US 5,358,478), it is the Examiner's position that the prior art fails to disclose alone or in combination with any other piece of art, each of the limitations set forth in independent claims 1 and 27. The structural relationship and orientation between each of the catheter body, the handle and the various parts of the deflection mechanism of claims 1 and 27 with specific regard given to the oblique extension of the rack arm between the linear rack and the runner with respect to the longitudinal axis of the handle of the device is not disclosed or fairly suggested by any piece of prior art. As such, it is the Examiner's position that the instant claims 1-29 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to RONALD HUPCZEY, JR whose telephone number is (571)270-5534. The examiner can normally be reached on Monday - Friday, 9 A.M. to 5 P.M..
